## **Section 1 – Introduction**

This directory provides a list of Henry Ford Select (HMO)'s network providers.

You will have to choose one of our network providers listed in this directory to be your **Prietary Care Provider (PCP)**. Generally, you must get your health care services from your PCP. If you need assistance in selecting a PCP, call Customer Service at the telephone number provided at the front of this directory. You can change your PCP at any time.

Your PCP is a physician who meets state requirements and is trained to give you basic medical care. The types of doctors who can be selected as a PCP include family practitioners, general practitioners, and internal medicine physicians.

You will get your routine or basic care from your PCP. Your PCP will also coordinate the rest of the covered services you get as a member of our plan. For example, in order for you to see a specialist, you usually need to get your PCP's approval first (this is called getting a "referral" to a specialist). Your PCP will provide most of your care and will help you arrange or coordinate the rest of the covered services you get as a member of our plan. This includes x-rays, laboratory tests, therapies, care from doctors who are specialists, hospital admissions, and follow-up care.

For more information on specialty care and services that may require a referral, please see your Evidence of Coverage (EOC).

The network providers listed in this directory have agreed to provide you with your health care services. You may go to any of our network providers listed in this directory; however, some services may require a referral.

As a member of our plan, you may choose to receive care from out-of-network providers, however, our plan will only cover services from in-network providers. The exceptions to this are:

- if you need urgent or emergency care within the U.S.
- dialysis services if you are out of the service area and are not able to access contracted End-Stage Renal Disease (ESRD) providers.
- when providers of specialized services are not available in-network your PCP will work with the plan to obtain authorization for receiving the needed care out-of-network. Prior authorization is required. With a prior authorization, the services will be covered as if in-network.

Out-of-network/non-contracted providers are under no obligation to treat Henry Ford Select (HMO) enrollees, except in emergencies. For a decision about whether we will cover an out-of-network service, we encourage you or your provider to ask us for a pre-service organization determination before you receive the service. Please call our Customer Service Department at (800) 801-1770, April 1 through September 30 – 8a.m. to 8p.m., Monday through Friday and October 1 through March 31 – 8a.m. to 8p.m., seven days a week. TTY users should call 711. You may also refer to your Evidence of Coverage (EOC) for more information, including the cost-sharing that applies to out-of-network services.

Our appointment wait times for primary care and behavioral health services are as follows:

- Urgently needed services or emergency – immediately;
- Services that are not emergency or urgently needed, but you require medical attention – within 7 business days; and
- Routine and preventive care – within 30 business days.

If you get a bill from an out-of-network provider, do **not** pay the bill. Instead, submit the bill directly to HAP for processing and determination of liability, if any, at the address below. We will look at the bill and decide whether the services should be covered. If we decide they should be covered, we will pay the provider directly.

HAP Medicare Solutions  
ATTN: Claims  
1414 E. Maple Rd.  
Troy, MI 48083

You may get covered emergency medical care from the closest available provider whenever you need it, anywhere in the United States or its territories. Our plan covers ambulance services in situations where getting to the emergency room in any other way could endanger your health. Your coverage includes emergency care services, urgent care services and ambulance services whether you are within the United States or outside the United States and its territories.

If you have an emergency, we will talk with the doctors who are giving you emergency care to help manage and follow up on your care. The doctors who are giving you emergency care will decide when your condition is stable and the medical emergency is over.

After the emergency is over you are entitled to follow-up care to be sure your condition continues to be stable. Your follow-up care will be covered by our plan. If your emergency care is provided by out-of-network providers, we will try to arrange for network providers to take over your care as soon as your medical condition and the circumstances allow.

You should always try to obtain urgently needed services from network providers. When you are outside the service area and cannot get care from a network provider, our plan will cover urgently needed services that you get from any qualified provider. Our plan covers urgently needed care anywhere in the world.

You must use network providers except in emergency or urgent care situations or for out-of-area renal dialysis or other services. If you obtain routine care from out-of-network providers, neither Medicare nor Henry Ford Select (HMO) will be responsible for the costs.

## PHARMACY PROVIDERS

### Introduction

---

This booklet provides a list of the Henry Ford Select (HMO) network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage and Henry Ford Select (HMO)'s formulary.

When this pharmacy directory refers to "we," "us", or "our," it means Health Alliance Plan of Michigan and Alliance Health and Life Insurance Company. When it refers to "plan" or "our plan," it means Henry Ford Select (HMO).

We call the pharmacies on this list our "network pharmacies" because we have made arrangements with them to provide prescription drugs to Plan members. In most cases, your prescriptions are covered under Henry Ford Select (HMO) only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescriptions but can switch to any other of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Evidence of Coverage.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. This list is current as of 06/06/2025. For the most current list, please contact us. Our contact information appears on the front and back cover pages.

You can go to all the pharmacies on this list, but your costs for some drugs may be less at pharmacies in this list that offer preferred cost-sharing. We have marked these pharmacies with "Preferred Pharmacy" to distinguish them from other pharmacies in our network that offer standard cost-sharing.

You can get prescription drugs shipped to your home through our network mail order delivery program. For more information, please contact us or see the mail order section of this pharmacy directory.

This directory is for the state of Michigan including the area in which you live. However, we cover a larger service area, and there are more pharmacies where your prescriptions may be covered by our Plan. For information on more pharmacies in our plan network not listed in this directory, please call customer service at (800) 801-1770 (TTY users should call 711).

If you have questions about any of the above, please see the first and last cover pages of this directory for information on how to contact us.

## MAIL ORDER PHARMACIES

---

### **Pharmacy Advantage**

**800-456-2112**

**[www.pharmacyadvantagerx.com](http://www.pharmacyadvantagerx.com)**

You can get prescription drugs shipped to your home through our network mail order delivery program. Our preferred mail order program is Pharmacy Advantage.

If you have used mail order services with your current plan before, or if you opt in now, our pharmacy will automatically fill and ship new prescriptions received directly from your doctors or other prescribers. You may opt out of automatic deliveries of new prescriptions at any time by contacting Pharmacy Advantage through its website contact us function or by calling 800-456-2112. If you never had mail order delivery and/or decide to stop automatic fills of new prescriptions, we will contact you each time we get a new prescription from a provider, to see if you want the medication filled and shipped at that time. This will give you an opportunity to make sure that the correct drug (including strength, amount, and form) will be delivered, and, if necessary, allow you to cancel or delay the order before you are billed and it is shipped.

For refills of your mail order prescriptions, you have the option to sign up for an automatic refill program with Pharmacy Advantage. Under this program, we will start to process your next refill automatically when our records show that you should be close to running out of your drug. We will contact you prior to shipping each refill to make sure you are in need of more medication. You can cancel scheduled refills if you have enough of your medication or if your medication has changed. If you choose not to use the auto refill program, please contact the pharmacy 10 days before you think the drugs you have on hand will run out to make sure your next order is shipped to you in time. To opt out of the automatic refill program, please contact Pharmacy Advantage through its website contact us function or by calling 800-456-2112.

Typically, you should expect to receive your prescription drugs within 14 days from the time that the mail order pharmacy receives the order. If you do not receive your prescription drug(s) within this time, please contact us at (800) 801-1770 or TTY 711, or Pharmacy Advantage at 800-456-2112.

We understand that you may need drugs from your mail order pharmacy faster than they would usually send them. If you need quick access to drugs from your mail order pharmacy, you can call the pharmacy and let them know your situation including when you need your medication. They will work with you to get your medication delivered so that you don't go without your drugs. If they are unable to ship the medication in time, please contact us. We can work with you to get a temporary supply of medication filled at a local pharmacy.
