## **Section 1 – Introduction**

This directory provides a list of HAP Empowered Duals (HMO SNP) network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage (EOC).

### **Choosing Your Primary Care Provider**

You will have to choose one of our network providers listed in this directory to be your **Primary Care Provider (PCP)**. Generally, you must get your health care services from your PCP. If you need assistance in selecting a PCP, call Customer Service at the telephone number provided at the front of this directory. You can change your PCP at any time.

Your PCP is a physician who meets state requirements and is trained to give you basic medical care. The types of doctors who can be selected as a PCP include family practitioners, general practitioners, and internal medicine physicians.

You will get your routine or basic care from your PCP. Your PCP will also coordinate the rest of the covered services you get as a member of our plan. For example, in order for you to see a specialist, you usually need to get your PCP's approval first (this is called getting a "referral" to a specialist). Your PCP will provide most of your care and will help you arrange or coordinate the rest of the covered services you get as a member of our plan. This includes x-rays, laboratory tests, therapies, care from doctors who are specialists, hospital admissions, and follow-up care.

For more information on specialty care and services that require a referral, please see your Evidence of Coverage.

### **Network Providers**

The network providers listed in this directory have agreed to provide you with your health care services. You may go to any of our network providers listed in this directory; however, some services may require a referral.

You must use network providers to get your medical care and services. The only exceptions are emergencies, urgently needed services when the network is not available (generally, when you are out of the area), out-of-area dialysis services, and cases in which HAP Empowered Duals (HMO SNP) authorizes use of out-of-network providers. If you obtain routine care from out-of-network providers, neither Medicare nor HAP Empowered Duals (HMO SNP) will be responsible for the costs.

For more information, please see your Evidence of Coverage.

**Out-of-Network Providers**

If your PCP refers you to a type of specialist that is not in our network, the PCP must contact HAP Empowered Duals (HMO SNP) to obtain prior authorization. The PCP will then give you a referral to see that specialist. If you see a specialist that is not in our network, and you do so without a referral and prior authorization from HAP Empowered Duals (HMO SNP), you will be liable for paying the costs for those visits and services. Contact Customer Service if you have any questions about seeing out of network providers.

**Bills from Out-of-Network Providers**

If you get a bill from an out-of-network provider, do not pay it. Submit the bill directly to HAP at the address below. We will look at the bill and decide whether the services should be covered. If we decide they should be covered, we will pay the provider directly.

HAP Medicare Solutions  
ATTN: Claims  
2850 W. Grand Blvd  
Detroit, MI 48202

**Emergency Services**

You may get covered emergency medical care whenever you need it, anywhere in the United States or its territories. Our plan covers ambulance services in situations where getting to the emergency room in any other way could endanger your health. Your coverage includes emergency care services, urgent care services and ambulance services whether you are within the United States or outside the United States and its territories.

If you have an emergency, we will talk with the doctors who are giving you emergency care to help manage and follow up on your care. The doctors who are giving you emergency care will decide when your condition is stable and the medical emergency is over.

After the emergency is over you are entitled to follow-up care to be sure your condition continues to be stable. Your follow-up care will be covered by our plan. If your emergency care is provided by out-of-network providers, we will try to arrange for network providers to take over your care as soon as your medical condition and the circumstances allow.

**Urgent Care**

You should always try to obtain urgently needed services from network providers. When you are outside the service area and cannot get care from a network provider, our plan will cover urgently needed services that you get from any provider. Our plan covers urgently needed care anywhere in the world.
