## MAIL ORDER PHARMACIES

---

You can get prescription drugs shipped to your home through our network mail order delivery program which is called Pharmacy Advantage ([www.pharmacyadvantagerx.com](http://www.pharmacyadvantagerx.com)). For mail order, the pharmacy is required to ask you before mailing a prescription if the request did not come from you. If the pharmacy receives a prescription from your doctor, the pharmacy will contact you to make sure you want them to fill and mail the drug.

You also have the choice to sign up for automated mail order delivery through our Pharmacy Advantage mail order program. Typically, you should expect to get your prescription drugs within 14 days from the time that the mail order pharmacy gets the order. If you do not get your prescription drug(s) within this time or if you would like to cancel an automatic order, please contact us at (888) 654-0706 (TTY: 711) or call Pharmacy Advantage at 800-456-2112. To learn more about mail order pharmacies, see Chapter 5 of the Member Handbook, Section A6.

## LONG-TERM CARE PHARMACIES

---

Residents of a long-term care facility, such as a nursing home, may access their prescription drugs covered under HAP Empowered MI Health Link through the facility's pharmacy or another network pharmacy. Usually a long-term care facility (such as a nursing home) has its own pharmacy, or a pharmacy that supplies drugs for all of its residents. If you are in a long-term care facility, you may get your drugs through the facility's pharmacy if it is ioa part of our network. If it isn't, or if you need more information, please contact Customer Service. To learn more about drug coverage in special cases, see Chapter 5 of the *Member Handbook*.

## Explanation of Terms

### Credentialing Program

Through the credentialing process, our highly trained staff reviews and evaluates the qualifications of physicians and other health care specialists. Before a physician is approved to participate in the network they must meet defined requirements for education, licensure, and professional standing. The practitioner must also offer services that are available to meet the needs of health plan members and have office hours available to handle both routine appointments and emergency situations. As part of our "re-credentialing" process, our staff reviews this information at least every three years for all of our participating providers. We obtain routine updates regarding their licensure and professional standing. We also review their performance through quality monitoring including member complaints and adverse events.

Medical facilities are also reviewed through this credentialing and re-credentialing process.

If you have any questions about your participating provider or medical facility, please feel free to contact Member Services.

### Demographic Information

#### Office Locations

Self-explanatory.

#### Name

Self-explanatory.

#### Practice Name, if applicable

These are medical groups of which this physician has a working relationship or association with. These groups are generally of the same or similar practice specialties. This information is updated by the health plan at the time of the credentialing/re-credentialing process and when the physician notifies the health plan of any changes.

#### Specialty

This is any specific area of medicine in which a physician may focus his practice. This is an area of medicine the physician has had focused training. The information is collected through the provider attestation on the credentialing application and verified through the appropriate avenue at the time of the credentialing/re-credentialing process and at the time of any change in the physician's professional standing.

### Key Information

#### Gender

Self-explanatory.

#### Provider Secondary Language

This refers to the languages other than English this physician or his/her clinical staff can speak and communicate to those needing medical care. This information is voluntarily provided to the health plan by the physician at the time of the credentialing/re-credentialing process and at any time the physician notifies the health plan of any changes.

**Board Certification**

This medical specialty certification indicates that this physician has received recognition for his/her expertise in a particular specialty or subspecialty of medical practice, achieved through a voluntary and rigorous process of testing and peer evaluation. Board certifications, when first offered, did not have an expiration date; however, recognizing the changing pace of medical knowledge recertification is now required to maintain the recognition. This information is updated by the health plan at the time of the credentialing/re-credentialing process and through monthly reviews to define current changes. This information can also currently be viewed at [www.boardcertifieddocs.com](http://www.boardcertifieddocs.com)\*

**Acceptance of New Patients**

This means that this physician is able to receive new patients into his/her practice. This status is reported to the health plan directly from the physician and is validated by the health plan at the time of the credentialing/re-credentialing process.

**Hospital Affiliations**

These are hospitals where this physician has privileges (where he/she has the hospital's permission to utilize the facility to care for his/her patients). This information is updated by the health plan at the time of the credentialing/re-credentialing process and when the physician notifies the health plan of any changes.

A physician's affiliation with a hospital does not guarantee the hospital is participating provider in your plan's provider network. Please confirm your desired hospital is in-network by calling the Customer Service number on the back of your ID card or searching Coventry's website for participating hospitals in your plan.

\*BoardCertifiedDocs has been designated by the ABMS as an Official Display Agent and provides this primary source data on the organization's behalf. The ABMS has been designated a primary source of board certification information by the Joint Commission for Accreditation of Healthcare Organizations (JCAHO), the National Committee for Quality Assurance (NCQA) and URAC. (The ABMS website information is updated monthly)

**Accreditation**

This is a certification process that hospitals voluntarily seek identifying their ability to perform at nationally accepted standards. This rigorous review process helps hospitals to improve their performance and maximize their service delivery of patient care and demonstrate accountability within the ever changing healthcare environment. This information is validated by the health plan at the time of the credentialing/re-credentialing process and through monthly reviews to update current changes. The hospital is responsible for notifying the health plan of any change

## Nondiscrimination Notice

HAP Empowered MI Health Link Plan complies with applicable federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability or sex. HAP Empowered MI Health Link does not exclude people or treat them differently because of race, color, national origin, age, disability or sex.

HAP Empowered MI Health Link provides:

- Free aids and services to help people communicate effectively with us
