## **Section 1 – Introduction**

This directory provides a list of HAP Senior Plus Henry Ford Tiered Access (HMO) network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage (EOC).

### **Choosing Your Primary Care Provider**

You will have to choose one of our network providers listed in this directory to be your **Primary Care Provider (PCP)**. Generally, you must get your health care services from your PCP. If you need assistance in selecting a PCP, call Customer Service at the telephone number provided at the front of this directory. You can change your PCP at any time.

Your PCP is a physician who meets state requirements and is trained to give you basic medical care. The types of doctors who can be selected as a PCP include family practitioners, general practitioners, and internal medicine physicians.

You will get your routine or basic care from your PCP. Your PCP will also coordinate the rest of the covered services you get as a member of our plan. For example, in order for you to see a specialist, you usually need to get your PCP's approval first (this is called getting a "referral" to a specialist). Your PCP will provide most of your care and will help you arrange or coordinate the rest of the covered services you get as a member of our plan. This includes x-rays, laboratory tests, therapies, care from doctors who are specialists, hospital admissions, and follow-up care.

For more information on specialty care and services that require a referral, please see your Evidence of Coverage.

### **Network Providers**

The network providers listed in this directory have agreed to provide you with your health care services. You may go to any of our network providers listed in this directory; however, some services may require a referral.

You must use network providers except in emergency or urgent care situations or for out-of-area renal dialysis or other services in which we authorize use of out-of-network providers. If you obtain routine care from out-of-network providers, neither Medicare nor HAP Senior Plus Henry Ford Tiered Access (HMO) will be responsible for the costs.

For more information on services that require a referral, please see your Evidence of Coverage.

**"Tier 1 Providers"** are Network providers who you will access at the highest benefit level or least amount of patient cost share.

**“Tier 2 Providers”** are the Network doctors and other health care professionals, medical groups, hospitals, and other health care facilities who you will access at the lowest in-network benefit level or highest patient cost share.

### **Out-of-Network Providers**

You may choose to receive care from out-of-network providers, however, our plan will only cover services from in-network providers. The exceptions to this are:

- if you need urgent or emergency care within the U.S.
- dialysis services if you are out of the service area are not able to access contracted End-Stage Renal Disease (ESRD) providers.
- when providers of specialized services are not available in network your PCP will work with the plan to obtain authorization for receiving the needed care out-of-network. Prior authorization is required. With a prior authorization, the services will be covered as if in-network.

### **Bills from Out-of-Network Providers**

If you get a bill from an out-of-network provider, do not pay it. Submit the bill directly to HAP at the address below. We will look at the bill and decide whether the services should be covered. If we decide they should be covered, we will pay the provider directly.

HAP Medicare Solutions  
ATTN: Claims  
2850 W. Grand Blvd  
Detroit, MI 48202

### **Emergency Services**

You may get covered emergency medical care whenever you need it, anywhere in the United States or its territories. Our plan covers ambulance services in situations where getting to the emergency room in any other way could endanger your health. Your coverage includes emergency care services, urgent care services and ambulance services whether you are within the United States or outside the United States and its territories.

If you have an emergency, we will talk with the doctors who are giving you emergency care to help manage and follow up on your care. The doctors who are giving you emergency care will decide when your condition is stable and the medical emergency is over.

After the emergency is over you are entitled to follow-up care to be sure your condition continues to be stable. Your follow-up care will be covered by our plan. If your emergency care is provided by out-of-network providers, we will try to arrange for network providers to take over your care as soon as your medical condition and the circumstances allow.

**Urgent Care**

You should always try to obtain urgently needed services from network providers. When you are outside the service area and cannot get care from a network provider, our plan will cover urgently needed services that you get from any provider. Our plan covers urgently needed care anywhere in the world.
