## **MAIL ORDER PHARMACIES**

---

You can get prescription drugs shipped to your home through our network mail order delivery program. For refills of your mail order prescriptions, please contact us at least 14 business days before you think the drugs you have on hand will run out to make sure your next order is shipped to you in time. Typically, you should expect to receive your prescription drug within 7 to 10 business days from the time that the mail order pharmacy receives the order. If you do not receive your prescription drug(s) within this time please contact us. Our contact information can be found on the first page of this directory.

We understand that you may need drugs from your mail order pharmacy faster than they would usually send them. If you need quick access to drugs from your mail order pharmacy, you can call the pharmacy and let them know your situation including when you need your medication. They will work with you to get your medication delivered so that you don't go without your drugs. If they are unable to ship the medication in time, please contact us. We can work with you to get a temporary supply of medication filled at a local pharmacy.

## **HOME INFUSION PHARMACIES**

---

Home infusion pharmacies are pharmacies that we have contracted with in order to provide infusible drugs for both short-term and long-term care therapies. On the following pages, you will find listed our home infusion pharmacies. If you do not find a home infusion pharmacy listed, you may contact Customer Service for more information.

---

## **LONG-TERM CARE PHARMACIES**

---

Residents of a long-term care facility may access their prescription drugs covered under their plan through the facility's long-term care pharmacy or another network long-term care pharmacy.

Long-term care pharmacies are pharmacies that we have contracted with to provide dispensing of prescription drugs to long-term care residents in a long-term care facility. On the following pages, you will find listed our long-term care pharmacies. If you do not find your long-term care pharmacy listed, you may contact Customer Service for more information.

## Explanation of Terms

### Credentialing Program

Through the credentialing process, our highly trained staff reviews and evaluates the qualifications of physicians and other health care specialists. Before a physician is approved to participate in the network they must meet defined requirements for education, licensure, and professional standing. The practitioner must also offer services that are available to meet the needs of health plan members and have office hours available to handle both routine appointments and emergency situations. As part of our “re-credentialing” process, our staff reviews this information at least every three years for all of our participating providers. We obtain routine updates regarding their licensure and professional standing. We also review their performance through quality monitoring including member complaints and adverse events.

Medical facilities are also reviewed through this credentialing and re-credentialing process.

If you have questions about your participating provider or medical facility, please feel free to contact Member Services.

## Demographic Information

### Office Locations

Self-explanatory.

### Name

Self-explanatory.

### Practice Name, if applicable

These are medical groups of which this physician has a working relationship or association with. These groups are generally of the same or similar practice specialties. This information is updated by the health plan at the time of the credentialing/re-credentialing process and when the physician notifies the health plan of any changes.

### Specialty

This is a specific area of medicine in which a physician may focus his practice. This is an area of medicine the physician has had focused training. The information is collected through the provider attestation on the credentialing application and verified through the appropriate avenue at the time of the credentialing/re-credentialing process and at the time of any change in the physician’s professional standing.

## Key Information

### Gender

Self-explanatory.

### **Provider Secondary Language**

This refers to the languages other than English this physician or his/her clinical staff can speak and communicate to those needing medical care. This information is voluntarily provided to the health plan by the physician at the time of the credentialing/re-credentialing process and at any time the physician notifies the health plan of any changes.

### **Board Certification**

This medical specialty certification indicates that this physician has received recognition for his/her expertise in a particular specialty or subspecialty of medical practice, achieved through a voluntary and rigorous process of testing and peer evaluation. Board certifications, when first offered, did not have an expiration date; however, recognizing the changing pace of medical knowledge recertification is now required to maintain the recognition. This information is updated by the health plan at the time of credentialing/re-credentialing process and through monthly reviews to define current changes. This information can also currently be viewed at [www.boardcertifieddocs.com](http://www.boardcertifieddocs.com)\*

### **Acceptance of New Patients**

This means that this physician is able to receive new patients into his/her practice. This status is reported to the health plan directly from the physician and is validated by the health plan at the time of the credentialing/re-credentialing process.

### **Hospital Affiliations**

These are hospitals where this physician has privileges (where he/she has the hospital's permission to utilize the facility to care for his/her patients). This information is updated by the health plan at the time of the credentialing/re-credentialing process and when the physician notifies the health plan of any changes.

A physician's affiliation with a hospital does not guarantee the hospital is participating provider in your plan's provider network. Please confirm your desired hospital is in-network by calling the Customer Service number on the back of your ID card or searching Coventry's website for participating hospitals in your plan.

\*BoardCertifiedDocs has been designated by the ABMS as an Official Display Agent and provides this primary source data on the organization's behalf. The ABMS has been designated a primary source of board certification information by the Joint Commission for Accreditation of Healthcare Organizations (JCAHO), the National Committee for Quality Assurance (NCQA) and URAC. (The ABMS website information is updated monthly)

### **Accreditation**

This is a certification process that hospitals voluntarily seek identifying their ability to perform at nationally accepted standards. This rigorous review process helps hospitals to improve their performance and maximize their service delivery of patient care and demonstrate accountability within the ever changing healthcare environment. This information is validated by the health plan at the time of the credentialing/re-credentialing process and through monthly reviews to update current changes. The hospital is responsible for notifying the health plan of any change.

### **Nondiscrimination Notice**

HAP Empowered Health Plan complies with applicable federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability or sex. HAP Empowered does not exclude people or treat them differently because of race, color, national origin, age, disability or sex.

HAP Empowered provides:

- Free aids and services to help people communicate effectively with us
  - Qualified sign language interpreters
  - Written information in other formats (large print, audio, accessible electronic formats, others)
- Free language services to people whose primary language is not English
  - Qualified interpreters
